

Hello Children,

So, we have come to the end of this school year and are already looking forward to a new start in September. I bet you are wondering who your next teacher will be... well, you will be coming up to become the new **2B** with myself, Ms Brown and the marvellous Mrs Stibbs! We are so excited to welcome you into Year 2, where we will be learning and growing together.

However, as we have not had the chance to come together this term, let me tell you a little about myself; I have been at St Wilfrid's for ten years this September and have been leading Science across the school as well as being a class teacher and phase lead. I have had lots of fun in KS2 but am loving working in Year 2 alongside Mrs Galvin and Mrs McGee as we get to learn lots of new things together.

I know lots of you already and am really looking forward to learning more about you and sharing all the exciting things we will be doing in Year 2, such as discovering how and who started the Great Fire of London, where chocolate comes from and how to follow a map using a compass, as well as working on our reading, writing, math and scientific skills - we are all going to be so knowledgeable!

I am sure some of you will be wondering what school will be like in September and are thinking about what you can do to get ready. Please try not to worry: we will work together to make the new school year your best one yet! We will make time to talk about how you are, how you have been getting on at home, answer any questions you might have and talk about your worries and hopes for the year ahead and together we will go from there.

I am so excited for you to return to school and I hope you are too. We are going to have a brilliant year together. Roll on September.

Best wishes,

Miss Brown
